Irwin Mitchell is delighted to support the up and coming sport of Boccia, an inclusive game which allows disabled individuals to enjoy sport.

Boccia can be played by people of various ages and abilities, and has become increasingly popular following the London 2012 Paralympics.

This established club is inviting any interested people to come along and try the sport. Boccia can be played by people of various ages and abilities and involves players rolling, kicking or throwing a ball towards a jack. The game can be adjusted to suit the physical needs of different individuals.

Get Involved!

Main classes will run weekly.
Wednesday 17:00 - 18:00 at Armley Leisure centre
